This email is in reference to an earlier email I sent on 2/16 regarding THCO containing my statements about Mr. Rod Kight.

I have no knowledge of any of his business or legal dealings to make any statements. The comments I made were incorrect, inappropriate and misleading. I would like to sincerely apologize to Mr. Rod Kight for my misguided actions. In no way do my statements about Mr. Rod Kight reflect the views of Dazed as a company.

If you have forwarded the original email to anyone, please forward this follow up email to them as well. If you could cc both me and Mr. Rod Knight with any of these forwards it would be appreciated.

Feel free to contact me if there's any clarification needed on this matter

I sincerely regret my inappropriate communication.
